

TVWA Feb, March, News Letter 2017

Well Ladies and gentelman that's another season over just a reminder to post your bag returns or hand them to me at our next committee meeting at the Abbey Inn Newburgh on Wed 1st March 20.00 hrs. Many thanks for returns already received

As promised I will be heading out to Lucky scaup Island for a wee tidy up and some mentoring I noticed more than a few items of rubbish out there whilst fowling on the estuary. This would be a great opportunity for any club members who are not familiar and would like to know how to safely walk out and back via the tides Friends, family, and pets would be more than welcome footwear required would be wellingtons or bare feet ( if your into that ) see page on attached Island information. A small rucksack with a binliner also to collect small bits of rubbish. The date I have selected in accordance with tides is Sunday 5<sup>th</sup> March time 10.30am meeting at Tayport links road carpark south entry to caravan park postcode DD6 9ES, afraid we cant do anything with the weather so come prepared as we will be going out there. Time for walk 2-3 hours

I hope your wildfowling season has been safe and enjoyable there is so much to see out there especially at dawn and dusk, if the odd duck or goose has graced the dining table so much the better.

See you at the next meeting in Newburgh, or if you fancy a we adventure at the estuary mouth Tayport

Your Secretary
