

Wing workshop and wildfowling up-dates were carried out at BASC headquarters Trochry, it was good to see a healthy number of fowlers who made the effort in rather snowy conditions. Information on the situations at Caerlaverock and Findhorn Bay were much appreciated and duly taken on board. From meeting our recently appointed head of wildfowling James Green it would seem that we have an enthusiastic young man who loves his sport and would clearly like it to continue for younger generations. Talks on the international scene and estuary disturbance also gave us food for thought. 5 TVWA members attended and for the guys who collected various duck and goose wings it's a big thanks from the club.

The clubs next event will be the BASC Interclub – Open - and younger age group shoots Sunday 2<sup>nd</sup> June 12.00 – 4pm it will be held at Dunkeld Park. You only require to bring yourself and 28g fibre cartridges. Members interested are urged to contact our Chairman. The team will consist of 5 members, if interest is high we will require a club shoot for selection at local venue before heading up to Dunkeld, please get in touch soon so we can arrange things. Dunkeld club house is now open so it should be a great day out.

This time of year is perfect for getting out and about and finding new areas where you can crack on with your fowling pursuits for next season. Mind and be careful out in those vast reed beds !!
